Love Your Body Eat Organic

The Story of Charlie Hong Kong

In 1998, Charlie Hong Kong was opened on a bustling street corner in Santa Cruz, CA. The vision: to create a neighborhood eatery with a menu that offers healthy, abundant, tasty food, at great value, served fast, high quality food, to eat at the restaurant or take-away. Beneath a bright green awning is a fun outdoor patio that provides family style dining.

The menu reflects meals eaten at street stands in Southeast Asia. Charlie Hong Kong is a fusion of rich, savory flavors of Southeast Asia combined with an abundance of locally grown organic produce. Offering a vegetarian based menu, as well as protein toppings for those who enjoy fish, chicken & meat, this food is prepared fresh and fast for active, busy people who care about what they eat.

Good for your body. Good for the planet.
